**Mapper file format with field for capturing previous seeded bank IIN**

Dear Sir/Madam,

UIDAI vide their gazette notification No. 13012/79/2017/Legal-UIDAI (No. 6 of 2017) dated December 19, 2017 has mandated a few changes in Aadhaar mapper. In compliance with the directions of Government of India the following changes will be made to NPCI mapper.

1. Override request pertaining to an Aadhaar holder only if it is accompanied by the IIN of his current bank on the APB mapper and confirmation from the requesting bank that it has obtained the requisite consent of the Aadhaar holder for switching to the requesting bank on the mapper.
2. Stopping the move in / move out functionality on a temporary basis till the point no 1 is implemented. This has been implemented with effect from December 01, 2017 (please refer to our circular no 264 dated December 20, 2017). Please note that fresh insert of Aadhaar numbers will be allowed as per the existing process.

NPCI is working on the modifications to the mapper format to accept the IIN of the current bank. The new mapper file format is provided in Annexure I and how the mapper updation will happen in different scenarios is provided in Annexure II.

The following are the activities to be carried out by the banks.

1. Carry out changes in internal systems and core banking for new mapper file upload and handling the additional reject reasons.
2. Implementation of the new consent format (IBA is finalizing the format, this will be communicated to banks separately).

**Important:**

Mapper format:

1. Mapper continue to accept fresh inserts without the IIN of the existing banks, this field can be left blank as per the specifications.
2. Banks should obtain the existing bank name from the customer, obtaining the existing bank information by any other means will be construed as non-compliance to the directions of Government of India.

Consent form:

1. Consent of the customer should be obtained as per the approved format this is applicable both for electronic as well as physical consent of the customer.
2. Banks should comply with all the directions as per the gazette sighted above (copy enclosed)
3. Any violation of these directions shall amount to violation of Sections 37, 40, 41, 42, and 43 of the Aadhaar Act, 2016 and Regulations framed thereunder and other applicable laws of India.

We are planning to move the new mapper file format to production on January 01, 2018.

All the banks should take immediate steps to implement all the necessary changes for implementation. If any clarifications are required, please write to [ach@npci.org.in](mailto:ach@npci.org.in)

With warm Regards,
